

Learn more about our **Live & Hybrid** **Events**

Hold training sessions, congresses and meetings free of language barriers or geographic location restrictions.

We reinvented the **experience**

More than ever before, evolution plays a crucial role in multicultural and crossborder communications, unhindered by geographic location.

The only Mexican company with the production equipment needed for congresses and seminars.

- · Technical audiovisual equipment
- · Livestreaming technology
- · **zoom** license for online events
- · Simultaneous interpretation
- · Logistics for event production
- · Translation of videos and documents
- · Gastronomic services on-site

Hybrid Events (Live & remote)

Dedicated network for transmission at a distance from the on-site event. At your facilities, or the venue of your choice, we fully comply with all hygiene measures established by authorities. Our equipment is fully sanitized.

Ipse Congresos will take charge of:

- Programming your live and online event
- Sending out the invitations
- Handling the registration and participant authentication process
- Attending to entrance and exit of attendees
- Voting, chat, Q & A
- Installing dedicated mobile Internet for ZOOM

Remote

On-site

Hybrid
